CORPORATE PROFILE

Our Company Profile: Our multidisciplinary portfolio of specializations includes Insulation, civil and structure, electromechanical; process and piping, and industrial development.

Our Company Profile

Our multidisciplinary portfolio of specializations includes Insulation, civil and structure, electromechanical; process and piping, and industrial development.

KESL is dedicated to Total Quality. Its Quality Assurance and Audit Department reports directly to the Company Directors. This secures the highest desirable standards throughout all KESL assignments during various projects' phases. KESL Quality Assurance System also applied for ISO Certification.

KESL harnesses the adept expertise and talent by their permanent full-time individuals. Our unique brand of engineers have the capacity to deliver almost the full range of professional engineering services. Those encompass project identification, pre-feasibility/feasibility studies, properties and site appraisals, site selection, design and detailed engineering, Insulation management and supervision, procurement, inspection, quality control, and personnel training etc.

Know About Us

During the course of a distinguished 25-year track record, (since 1994) **Kemtech Engineering Services Ltd** has successfully undertaken a substantial list of landmark, mega-scale projects. An outstanding 25-year record of accomplishment testifies to **KESL** supremacy in the Insulation market. With a total value surpassing in Crores, multiple key projects have been concluded covering all key Thermal Insulation fields.

Benefits of Insulation

- Conserves Energy by Reducing Heat Loss or Gain
- Controls Surface Temperatures for Personnel Protection and Comfort
- Facilitates Process Temperature Control
- Prevents Condensation on Cold Surfaces
- Prevents or Reduces Damage to Equipment From Exposure to Fire or Corrosive Atmospheres
- Controls Noise

Our Vision'

To be the world's Contractor and Employer of Choice by safely and consistently delivering successful and innovative capital projects and services anywhere in the world', to that end, KESL motto or slogan is 'We Deliver'.

Our Mission

KESL core values drive everything we do. Incorporating these core values in our daily work, and making them an integral part of our culture, is key to our future success.

Our Quality

KESL is a pioneering thermal insulation company providing high-quality insulation services to its clients. We are committed to a policy of quality assurance complying with respective standard and ensure that this policy is understood, implemented, and maintained throughout the company.

Our Services

- Thermal Insulation
- Duct/Under Duct Insulation
- Maintenance Services
- Insulating

OUR SERVICES INCLUDES:

Thermal Insulation

We provide Hot Insulation, Cold Insulation and Hot & Cold Insulation services to our value able client.

Duct Insulation

Supply & Application of thermocol / PUF slabs, Fibre Glass, Craft paper on the underside of RCC slab with wooden battens and bitumen adhesive.

MAINTANANCE

Maintenance is an essential part of any business to ensure that each component of the process is working at peak performance

SCAFFOLDING

Scaffolding is widely recognized as a specialist trade only to be carried out by fully trained and experienced operatives.

INSULATING

We are engaged in offering Insulation Service to our esteemed clients at an affordable range with the best quality

OUR INSULATION MATERIALS:

LIGHTLY RESIN BONDED MATTRESS

GLASS WOOL

EPS PIPE SECTION/SLAP

FIBER CLOTH

NITRILE RUBBER

E GLASS INSULATION

ALUMINIUM SHEET

ALUMINIUM FOIL

REFLECTIVE SHEET

INSULATION ROLL

OTHER ANCILLIARY MATERIALS

OUR WORKS

OUR INSULATION MECHINERIES, EQUIPMENTS AND TOOLS

Electric Swaging Machine Model: LX-15
 Suitable for Plate: $\leq 1.5\text{mm}$ □ □ □
 Rate: 0.75kW, 220V/50~60Hz, Single phase
 Weight: 110kgs
 S

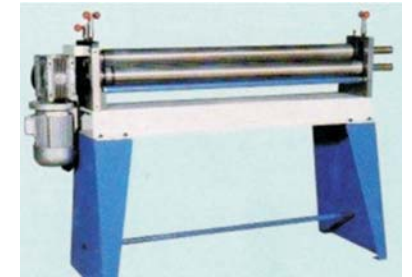

Electric Swaging Machine Model: LX-15
 Suitable for Plate: $\leq 1.5\text{mm}$ □ □ □
 Rate: 0.75kW, 220V/50~60Hz, Single phase
 Weight: 110kgs
 Size: 830mm(L) × 360mm(W) × 1000mm(H)

Q11 3X1300

Electric Cutting Machine Model: Q11 3x1300
 Max Cutting material(mm): 0.5-3mm(Mild steel)
 ; 0.5-1.5mm(Stainless steel)
 Rating: 380V/50~60hz, 3kw,
 Three phase Size: 2190mm(L) × 1220mm
 (W) × 1370mm(H)

Asymmetrical 3-Roller Bending Machine
 with One side Prebend (Electric motorised)
 No.1141158 Model: W11G 2x1000
 Top/Bottom roller dia.: 72mm
 Suitable for Plate: 2.0mm(T) * 1000mm(W)
 Rate: 1.5kW, 220V/50~60Hz, Single phase
 Weight: 220kgs
 Size: 1540mm(L) × 550mm(W) × 1170mm(H)

Manual Swaging Machine Model: BJ-KXS
 Suitable for Plate: $\leq 0.5\text{mm}$ (T)
 Weight: 15kgs
